25 Seniors Take Tests At Sequoia

Twenty-five senior boys from Sequoia High School took the Army-navy V-12 test at the school this week to determine whether or not they would be able to go on to college under this plan, Dr. James Thornton, counselor at the school, said today.

The test included English, science and mathematics and lasted for two hours. The boys will be notified in about two weeks as to the outcome, Dr. Thornton said.

Boys taking the test were Arthur Adams, navy; John Carmack, navy; Ed Chang, army; Paul Day, navy; Vernon Dignon, navy; Bill Farnsworth, army; Richard Gillespie, navy; Herman Gomez, army; Bob Gori, army; William Hamill, navy; Bill Hartenbehler, army; Alan Hanson, navy; Richard James, navy; Lew Kelly, navy; Connie Maloney, army; Jesse Murga, army; Robert Myles, army; Adolph Patrick, army; Peter Pensa, navy; Joe Stifers, army; Alden Stephens, navy; Vern Sterling, navy; Louie Vanini, army; and Walt Vreeburg, navy.

Marine Killed

Second Lt. Louis Zimmerman, 21, nephew of Mrs. Roy Labachotte, Scenic Park Dr. and Mrs. Willard Quinn, 242 Fuller St., has been killed in the South Pacific, Mrs. Labachottte said this week.

Zimmerman, who was born in Redwood City and lived the early years of his life here, was a marine pilot of a Douglas Dauntless dive bomber.

Word of his death was received by his mother, Mrs. May Zimmerman of Los Angeles, Sunday.

Lieutenant Zimmerman visited here occasionally. He entered the service a year and a half ago, training at St. Mary's Preflight School. About a month ago he was sent overseas.

His wife, Mrs. Rae Zimmerman makes her home in Los Angeles. The couple married last June.

The report from his mother said that Zimmerman had been buried in the Southwest Pacific area. Details and the manner of his death had not been learned.

Price Panel Cracks Down

The price panel of the War Price and Ration Board at Redwood City this week cracked won on one Redwood City eating establishment and "recommended" an immediate roll back of prices to ceiling prices previously filed with the board.

James Thomas, chairman of the panel, explained that the price panel has no plenary powers, but that its recommendations, if not met, would be referred to the OPA enforcement officer in San Francisco. The firm in question agreed to submit a revised menu in one week.

A complaint against another restaurant was dismissed after investigation showed no violation of OPA regulations. A complaint against a Menlo Park poultry dealer was dismissed on the same basis.

Investigations were continued into four more Redwood City complaints, two involving a grocery, one involving an electrical repair firm and a fourth concerning an alleged overcharge for a used refrigerator at private sale.

Legion Plans Gifts For Service Men

Plans are under way in American Legion posts of San Mateo County to raise funds with which to provide a Christmas gift for each wounded veteran of World War II now in hospitals in this area, according to officials, following a meeting held in Belmont. It was estimated that the cost of gifts for the wounded will total $30,000.

At the meeting 77 Legionnaires volunteered to donate blood to the Red Cross Blood Bank. It was disclosed at the meeting, presided over by Dr. John N. Blood of Redwood City, that the Legion expects to have 120 members as blood donors by Nov. 20, which has been designated as Legion Blood Donors' Day.

The next monthly meeting will be held in Menlo Park Dec. 3.

Firemen Extinguish R.C. Grass Blaze

A small grass fire on Roosevelt Ave. near Five Points was extinguished with no damage done at 2:51 Tuesday afternon, Fire Chief Mark E. Ryan reported today.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

Director of Opera

ARTURO CASIGLIA

OPERA: Two Performances To Be Held in Redwood City

Hal Honore' of Redwood City today announced that plans have been successfully negotiated for the presentation in Redwood City this month of "The Barber of Seville" and "Il Pagliacci."

Arturo Casiglia, director of the Pacific Opera Co., will conduct "Il Pagliacci" at an evening performance Saturday, Nov. 27, and a matinee performance of "The Barber of Seville" on Sunday afternoon, Nov. 28. Both performances will be given in the Sequoia High School auditorium.

Casiglia, in commenting on the local engagement, said "I have chosen Redwood City as the scene for my operas because I feel that it is not only the county seat, but also the hub of the beautiful Peninsula. Devotees should enjoy the opera in such a beautiful auditorium as is provided at your high school, and the location is easily accessible from other communiteis. If our initial venture here pleases, we shall return with other operas."

Advanced reserved seat tickets will be sold at Hind's, 2517 Broadway, commencing Nov. 15, Honore' announced.

OPA Lists Prices For Turkeys

New ceiling prices for dressed turkeys sold at retail became effective this week, according to an announcement made by Francis Carroll, district director for the Office of Price Administration.

The new prices in Redwood City beginning today are as follows: Young turkeys, under 16 pounds, 52 cents; young turkeys, between 16 and 20 pounds, 50 cents; young turkeys, over 20 pounds, 48 cents; old turkeys, under 16 pounds, 50 cents; old turkeys, 16 to 20 pounds, 48 cents; and old turkeys over 20 pounds, 46 cents.

A differential of one cent less for all grades of turkeys is allowed for stores in OPA-4 classification, such as supermarkets and large chain stores.

All turkey sales to civilians were halted for a period of two months so that the War Procurement Board could build up a sufficient stock to meet the holiday demands of the armed forces, but the birds are now available to civilians.

Farmers Warned To Prepare Tax

Farmers and land owners depending upon the productivity of the soil for their livelihood were today urged by Collector of Internal Revenue Harold A. Berliner to begin taking inventory, preparatory to filing their estimated declaration of income tax for 1943, on or before Dec. 15.

The collector pointed out that the declaration of tax liability on the 1943 income, provided for, in a special provision of the current tax payment act of 1943, gave farmers and other land owners a liberal tolerance. Penalties will not be incurred, unless the declaration is 33 1/3 per cent under the actual tax liability.

Farmers in preparing declarations were advised by the collector to make their estimate as accurately as possible. The total amount of tax estimated to be due on their 1943 earnings must be paid on filing the estimated return by Dec. 15.

SCOUTS: County Council Seeks Additional Leaders

Scout Executive Edward A Barrer stated at a meeting of volunteer workers that the situation in leadership in San Mateo County is reaching the point that unless extraordinary measures are taken to secure more leaders the troops, packs and ships will face a most crucial situation.

A recent recheck of leadership discloses that a large percentage of units are without scoutmasters, cubmasters, assistant scoutmasters, sponsoring institutions or committeemen. With this in view a most earnest appeal was made to the communities for help to secure at least 50 new men. One night course will be given on Thursday evening, Nov. 18, at St. Paul's Church in Burlingame, on basic fundamentals of scouting program. The course will start at 7:30 p.m. and will close at 10. For further details write or telephone Boy Scout headquarters in Burlingame.

FREE BADGES

The council will now supply badges for tenderfoot, second class, first class star, life and eagle ranks free of charge. This is a new policy. However, in order for a boy to receive his badge of rank, it is essential that the scoutmaster certify on the advancement card that all necessary requirements for that rank have been passed.

BOY SCOUT NEWS

Troop 120 under Scoutmaster Stout had visits from Commissioners Marcus and Stevens last week. The scouts participated in a Halloween party at the Congregational Church social hall.

M.P. COUNCIL: City Votes Funds for Recreation Center

MENLO PARK—After listening to the arguments of a Menlo Park delegation representing property owners, Girl Scout leaders and PTA representatives who protested the closing of the children's recreation center, the Menlo Park City Council in regular fortnightly session this week voted to maintain the center at city expense until the school board makes up its fiscal budget next July 1. At that time, the council unanimously believed, arrangements now hanging fire can be completed for the school board to take over operation and management of the project.

Parents in the visiting delegation, as well as councilmen, expressed the belief that the children's recreation center is a vital project and a step in the right direction toward reducing juvenile delinquency. They believed that the 40 cents additional taxes the project's operation costs each taxpayer per year is money well expended. The council budgeted $305 for the overhead operation of the center when the last budget was made up.

Responding to the request of Harry Hoefler, representing an army and navy service group which will handle housing for the new Dibble General Hospital, the council voted to supply the organization an office in city hall and voted $100 as the city's part in underwriting the cost of the organization.

Robert Gray asked the city fathers for a franchise to run a bus between the Menlo Park depot and Dibble General Hospital for the convenience of relatives and friends who will soon be arriving to visit wounded service men who will be housed at the hospital.

Upon the recommendation of Councilman Edward McGurrin, the matter was referred to Police Chief Thomas Kearney for investigation and report back to the council.

P. G. Pembroke, property owner in the Gunn-Pembroke subdivision area, asked the council to reject the recommendation of the planning commission for rezoning that tract. Pembroke charged that petitioners for rezoning had failed to comply with requirements of city ordinances.

The matter was set for public hearing before the council on Nov. 23 as was the rezoning of a Paraiso Park block from a B to an AA classification. Rezoning of the property bounded by San Mateo, Middle, Arbor and Creek Sts. was set for public hearing on Dec. 14.

On a duly seconded motion the council voted to mimeograph a financial report of the city in order that taxpayers might know the city's monetary rating before coming to public meetings to request ungrantable expenditures.

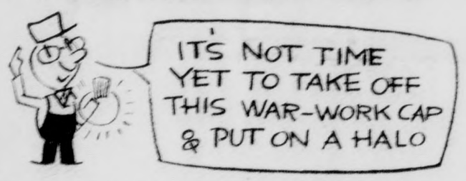
Mayor Charles Oram was named to negotiate with the state finance officer for reimbursement of funds expended by the city for civilian defense purposes.

Under recent provisions made by the federal government the 4% per cent of civilian defense expenditures heretofore borne by the city is now returnable, retroactive to last June 1.

Councilman Charles Burgess made a report on street improvement bonds showing a deficiency of $5000.

The number of planes received by the army air forces from American production lines monthly now exceeds the combined output of Germany, Italy and Japan.

J-M Smokestack
By Jim Asbestos



IT AIN'T OVER, YET—BY A LONG SHOT

Germany now has 300 well-trained divisions, including 60 new ones. Her war-workers have increased from 23,000,000 at the start of the war to 35,000,000 now. The German food ration is much higher now than during the last war.

The Japs have 2,000,000 men of military age who have not been called to the colors and nearly 2,000,000 more in the 17-20 age group.

It took 13 allied divisions five weeks to lick three and a half German and 12 Italian divisions in Sicily.

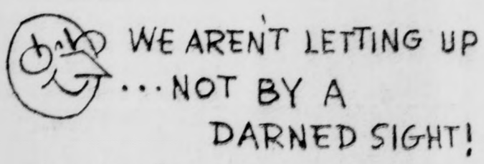
In Italy we face 20 German divisions . . . and the Alps.

In the Southwest Pacific we've advanced 200 miles in 14 months on a journey of 3000 miles.

WHAT IT TAKES BEHIND THE LINES

The above facts were brought out at a recent War Department conference held for business executives, labor leaders and publishers to let them know what lies ahead. Following the conference, Lewis H. Brown, president of Johns-Manville said: "For every 12 men overseas, 100 tons of supplies must be moving toward them. Four and a half tons of gasoline are used to carry one ton of gasoline from India to Chinese bases. It takes production of 7,000 bombers a year to keep 1,000 in combat over Europe.

"Our enemies hope we will give them a breathing spell by getting tired. It is our chief concern not to let up, now when every added bit of production can save the lives of American boys."



WE BACK THE ATTACK

During the recent Third War Loan J-M men and women subscribed $638,126 for war bonds.

Tanks If You're Saving Gas and Fuel

More than 23 railway tank cars of heavy fuel are needed to supply a single destroyer on a round-trip convoy trip between the East Coast and North Africa.

LITTLE JOURNEYS TO J-M PLANTS

From Johns-Manville's 16 plant and mine locations, over 230 carloads of products roll out, every day—mostly war products. For example:

The Billerica, Mass., J-M plant is on a 100% wartime basis, turning out Marinite and Marine Sheathing for troop and cargo ships, tankers and navy supply ships.

Bulkheads, partitions, ceilings and hull linings of these J-M products, produced by no other company in the world, provide protection from fire—the dreaded menace in submarine and bombing attacks.

These J-M products release steel for other vital war equipment.

—Jim Asbestos

MONTGOMERY WARD

Warm clothes for hard workers

. . . BUY WHAT YOU NEED FOR WINTER NOW . . AT WARDS!

Men's 'CASHSAVERS' WORK PANTS LOOK BETTER—WEAR LONGER! 2.49

We know the hard wear you men will give these pants. That's why only the best thread, buttons and pocketing available are used in them! Hidden details, yes—but they add up to longer wear, and result in more satisfaction on your part! Made of heavy cotton moleskin (a fabric slow to show soil) these pants are full cut for freedom, and reinforced at all strain points.

ZIP FRONT JACKETS OF HEAVY BLACK CAPESKIN 12.95

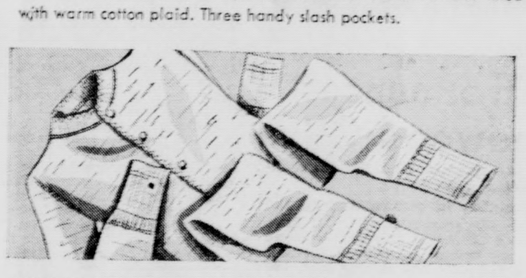
Here's a jacket that can take all the hard wear you can give it—and then some! Made of extra tough capeskin—a leather that gives day-in, day-out service, and keeps out piercing wind and cold! Trim-looking style with strong slide fastener front. Sport back has sewn-down half belt and adjustable sides for better fit. Fully lined with warm cotton plaid. Three handy slash pockets.

8-INCH OIL TANNED HI-CUTS FOR OUTDOOR USE 6.98 7.90

Men who work outdoors . . . here's a sturdy, dependable shoe at a truly low price! Wards rugged hi-cuts give firm ankle support, and help keep you sure-footed too. Oil-tanned uppers guard against damp, wet weather. Such serviceable features as cord tire soles, rubber heels and solid leather insoles make them wear extra long.

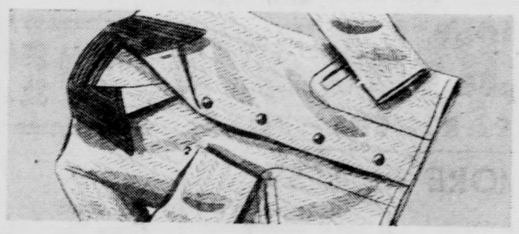
MEN'S ALL WOOL SWEATERS FOR ON-OR-OFF THE JOB! 4.49

Knit in the famous elastic rib that fits the body snugly—"gives" with every movement—and always comes right back to the same good fit! Of medium weight 100% wool, these warm coat sweaters are made with double elbows and reinforced shoulder seams for extra strength and longer wear. In serviceable dark colors for work-day wear . . . neat enough for home or sports.



MEN'S COTTON UNIONSUITS 1.49

Wards medium weight unionsuit. The roomy seat fits comfortably, no binding. Special non-wrinkle neck. For quality and long wear, ask for Healthgards!



MEN'S BLANKET-LINED JACKETS 3.49

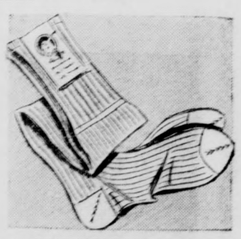
Work jacket that looks neat, keeps you warm. Strong cotton twill with snug blanket lining of wool and cotton. Adjustable side straps. Olive drab with navy corduroy collar. 2 pockets.

WEAR SUEDE CLOTH SHIRTS TO KEEP OUT THE WIND! 1.58

One of our most popular work shirts at this thrifty price! Made of warm, wind-resistant, washable cotton with a smooth soft finish—acts as a shield against chill winds. Perfect for men who work outdoors, this shirt asks for hard wear—and won't soil easily! Cut with roomy chests and armholes to give complete working freedom. Well cut, with styled collar.

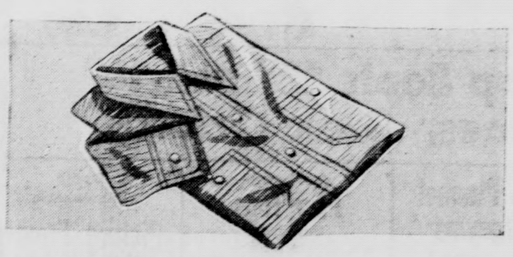
FAMOUS ROCKFORD WORK SOCKS Pair 19¢

Get more for your money! Get Rockfords! Heavy cotton, reinforced heel and toe. 10, 11, 12, 13.



MEN'S PART WOOL WORK SOCKS 35¢

Warm sturdy mixtures of cotton, wool and rayon. Large size. Exceptional values!



HOMESTEADER WORK SHIRTS 98c

Count on these sturdy shirts to give long, dependable service! Made of Sanforized cotton covert or chambray—they can be tubbed again and again—and won't shrink over 1%! Full cut.

MEN'S HEAVY COTTON UNION SUITS 1.15

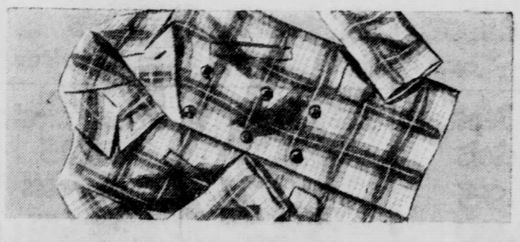
Wards' Healthgards—warm but not "scratchy," snug but not binding! Ideal for outdoor men.

MEN'S COTTON JERSEY WORK GLOVES 19¢

Knit of heavy cotton jersey with snug double-thick wrists. Fleeced inside for comfort.

MEN'S CREW NECK SWEATERS 4.98

Keep warm on or off the job in a smart crew neck sweater! Warmly knit of 100% wool, this style has snug fitting rib cuffs and bottom.

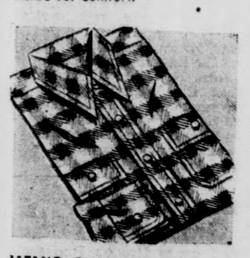


MEN'S WOOL PLAID MACKINAWS 5.89

If you like jackets that are big and roomy, then button yourself into one of these warm mackinaws! Double-breasted style with sewn-down half belt in back, 4 pockets. About 32" long.

MEN'S LEATHER PALM WORK GLOVE pr. 29¢

Palm and fingertips protected with cowhide leather. Double-thick knit wrists, canvas back.



MEN'S CHECKED WOOL WORK SHIRTS 2.69

Heavy wool flannel protects against cold. Choice of popular buffalo checks. Neat shaped collar.

EDUCATION: R.C. Schools Observe National Event

American Education Week, an annual event sponsored by nationally known organizations, is being observed in the Redwood City elemenetary schools and Sequoia High School by open house in the grammar schools and window displays in the downtown store windows showing work done this year in the high school, school officials said today.

Among the exhibits in the store windows are Junior Red Cross, aviation, rifle club, sheet metal, home economics, service flags, art and machine shop displays, Sequoia Supt. A. C. Argo said.

Speakers on American education will go to several of the service clubs and organizations some time this week.

Although the elementary schools are not having special programs, open house is being held, and parents are urged to visit the schools and teachers, Andrew Spinas, superintendent of schools, said.

Parents and friends will be invited in the Spring to Citizen's Night, an open house night to acquaint the public with what is being done by the schools.

Runaway Boys Return to R.C.

Two 14-year-old boys, runaways from their homes in Redwood City, were returned here Monday from San Rafael, Police Chief C. L. (Mickey) Collins reported.

The boys were reported missing Saturday, Collins said, and teletype notices sent out immediately. They were found by police officers in San Rafael.

Bike-Auto Mishap Injures S.C. Youth

SAN CARLOS—George Boos, 19, 108 Northam Ave., received bruises at 6:50 p.m. Monday when the bicycle he was riding and an automobile driven by James W. Mackin, 2223 Carmelita Dr., collided on San Carlos Ave. at Cordilleras Rd., San Carlos police reported today.

Commuters: Medal of Honor Goes to Chest Campaigners

BY JOE CABOOSE

The Commuters' distinguished service medal this week goes to Sid Herkner and his crew for their amazingly successful job in filling Redwood City's War Chest. They not only filled the Chest, but went $6000 beyond the goal set . . . and are still going strong. The quota was $20,000. They now have $26,000 . . . and they're out to make it $29,000 before they call it a day.

★ ★ ★

Top honors for this unprecedented achievement go to Marty Flynn and his advance-gift section, who accounted for nearly half of the large sum collected to date. Marty turned in $11,500 which is more than half of the original quota. To appreciate fully the fine work of Flynn and his committee this year, it should be stated that last year's advance gifts amounted to only $5100.

★ ★ ★

Here's something we didn't know about our War Chest: The first $14,500 goes to our own local charities—the six agencies that formerly justified the Community Chest. And all moneys over $14,500 go to the national war emergency relief organizations. Thus, the committee's ambition to raise an even $29,000—so that the funds may be split 50-50 between local and national charities.

★ ★ ★

Incidentally, Redwood City's good-neighbor community, Woodside, deserves honorable mention for contributing $3200 of the $26,000 collected to date. It also reflects further credit to the advance-gift committee. We understand it was largely through the personal efforts of Marty Flynn that this fine showing from Woodside was made.

★ ★ ★

And we don't dare leave the Chest without paying our respects to that old smoothie, Jim Hagan, who headed up the campaign as president. Smilin' Jim would have been the "fall guy" if the campaign had flopped . . . so he deserves the kudos on the win. To you, Jim, and Sid and Marty, and the scores of workers, men and women, who gave of their time and money . . . sincere congratulations on a tough job beautifully done!

★ ★ ★

An all-time record for attendance at a Commuter directors' meeting was set at John Clarke's home last Tuesday evening. Twenty-one men, including the host, answered roll call and passed their tin cups for some of Josie's corn squeezin's. Whether it was the famous Clarke hospitality, or election night, that brought the carriage trade out in such volume, is not known. But it was a grand meeting, and a lot of business was transacted before the election returns started rolling in.

Next morning, our operatives report, John was seen at the train with a paper suit case and a large sack of lunch (probably some cracklin's left over from the party), and he reported he was on his way to Reno. Josie displayed no temper the night before, and the boys couldn't understand it. Later it developed that John, a wholesale druggist (who peddles pink pills to pale people) was on a business trip to the City of Dissolution. And what a business! On an investment of two-bits, Clarke is reported to have netted $250 and to have paid all expenses!

★ ★ ★

Commuter Club notes: There will be NO MEETING tomorrow night at Aviation Cafe. You remember our regular dinner meeting this month was postponed in order to meet jointly with the Kiwanis at a dinner meeting at Sodini's Thursday, Nov. 18. . . . Two committee meetings Wednesday night (Nov. 10) . . . the Cub committee at Bert Morgan's home, 8 p.m.; and the special Kiwanis-Commuter dinner committee, headed by Carl Ward and Stan Perkins, at Bill Curran's home, 8 p.m.

★ ★ ★

Which reminds us, Stan Perkins has been ill. The sick committee called on him yesterday. But what a job! Stan lives so far back in the country his breath smells like cord wood. The owls keep company with his chickens, and he has a coyote for a yard dog. Chairman Curran

★ ★ ★

and his committee were able to get within several miles of the Perkins home by automobile. When the road ended in wilderness, we rented two burros and rode over a rough range of hills. The last mile and a half we crawled on our hands and knees through underbrush. But we finally arrived at the Perkins "ranch," which they call "Stoney Acre." It's a charming place . . . once you get there.

★ ★ ★

Found Stan able to sit up and drink nourishment. He had lost his voice for 10 days. Just imagine what a tragedy that would be if it happened to the chairman of the sick committee!

★ ★ ★

A salute to Tom Giannini for his committee's co-operative efforts on behalf of USO in Redwood City. . . . Claude Gerdes is building an extra room on his home on Turnsworth Ave. (Any special significance, C.W.?) . . . Mr. and Mrs. Jack Whalen of Sacramento visited the Bill Currans over the week end. . . . Sunday guests of the Joe Corbetts included Mrs. Maud Ross, Mrs. Irene Lennon and daughter, Marilyn, and the Misses Elizabeth and Irene Walsh, all of San Francisco.

★ ★ ★

Wrex Cruse was paying off an election bet to Caboose in one of Redwood's El Camino oases when we bumped into Joe Territo. We didn't win from Joe, but he paid off anyhow. A charming fellow, Joe! . . . Met another old friend on the train the other morning . . . one Ed Mitchell of San Carlos, former traffic manager for Morton Salt, now one of those handsome marine warrant officers. . . . Marine Mitchell confessed to reading this column . . . which now makes a total of seven that we know of.

Give Thanks this day to each Stalwart Son who fights Our Battles till Victory is won.

THANKSGIVING of all our holidays is brimful of sentiment. It is more than turkey and all the trimmings, especially if you are lonesome and far from home.

Thanksgiving is HOME. It is a glow of warmth and comfort that seems to creep right inside and hum like a song. It is the floating fragrance of brown gravy, the sweet pungence of mince pie, the odor of wood smoke and the crackle of logs in the fireplace. It is an intimate sense of belonging as you sit elbow to elbow at the family table.

Somewhere near you, right in your home town or in nearby camp, is a boy who cannot go home on furlough but would like to come Home to you. It will be a day he will long remember.

Ask your local USO or similar agency for a son of Uncle Sam to become "one of the family" for a day.

PRODUCE AND CONSERVE — SHARE AND PLAY SQUARE — FOOD FIGHTS for freedom

"FOOD FIGHTS FOR FREEDOM"

Yes, Food Fights for Freedom! The very course and length of the war depend on it. It can shorten the war. It can write the peace. *If we make the best possible use of it.* That means we must cut out waste—use every crumb, every drop. We must stretch the available food supply by eating plentiful nutritious substitutes for scarce foods. Let's remember: every time our armies win a victory across the seas, that means there'll be *less* of some foods at home—not more. Each of us can help Food Fight for Freedom!

UNCLE SAM tells us, "Food is the mightiest weapon of them all"—and that statement comes right home to every one of us. Truly, "Food Fights for Freedom" and it's our duty to conserve food, share fairly and plan meals intelligently to help shorten the war. These are some of the ways we can bring Victory closer:

- Waste no food—clean every plate—
- Substitute plentiful for scarce foods—
- Serve the foods that are right for strength and health—
- Accept rationing cheerfully—
- Pay stamps for all rationed merchandise—
- Pay no more than the top legal prices—
- And take it for granted that we'll have to make further adjustments as Victory comes nearer!

★ ★ ★

But wait—someone says, "Everybody seems to be getting plenty of food, except civilians!" The facts are that our Armed Forces get just about 13 per cent of our food production, our Allies get about 10 per cent, our outlying Territories and our nearby Good Neighbors get about two per cent—and that leaves 75 per cent for us here at home!

Three full fourths of a record-breaking food production!

ENOUGH FOOD

Enough good food to keep every one of us strong and healthy—*if* we use our share wisely.

★ ★ ★

SAVE AND SALVAGE!

Save and salvage everything that is usable. And that includes taking care of clothing, handling all mechanical equipment gently, making *thrift* a genuine by-word! It includes going through attics and basements and closets—passing along all unwanted material to the people or agencies who can use them.

BEHIND THEM!

In snort, we must do everything we can to make the men and boys who are fighting for us feel that the folks at home are behind them!
